PROXY STATEMENT

The enclosed proxy is solicited by the Board of Directors of NIKE, Inc. ("NIKE" or the "Company") for use at the annual meeting of shareholders to be held on September 22, 2003, and at any adjournment thereof (the "Annual Meeting"). The Company expects to mail this proxy statement and the enclosed proxy to shareholders on or about August 15, 2003.

The Company will bear the cost of solicitation of proxies. In addition to the solicitation of proxies by mail, certain officers and employees of the Company, without extra compensation, may also solicit proxies personally or by telephone. The Company has retained ADP Investor Communications Services, 51 Mercedes Way, Edgewood, New York, to assist in the solicitation of proxies from nominees and brokers at an estimated fee of \$5,000 plus related out-of-pocket expenses. Copies of proxy solicitation materials will be furnished to fiduciaries, custodians and brokerage houses for forwarding to the beneficial owners of shares held in their names.

All valid proxies properly executed and received by the Company prior to the Annual Meeting will be voted in accordance with the instructions specified in the proxy. Where no instructions are given, shares will be voted FOR the election of each of the named nominees for director, FOR approval of the amendment to the NIKE, Inc. 1990 Stock Incentive Plan, and FOR ratification of the appointment of PricewaterhouseCoopers LLP as independent accountants. A shareholder may choose to strike the names of the proxy holders named in the enclosed proxy and insert other names.

A shareholder giving the enclosed proxy has the power to revoke it at any time before it is exercised by affirmatively electing to vote in person at the meeting or by delivering to John F. Coburn III, Assistant Secretary of NIKE, either an instrument of revocation or an executed proxy bearing a later date.

VOTING SECURITIES

Holders of record of NIKE's Class A Common Stock ("Class A Stock") and holders of record of NIKE's Class B Common Stock ("Class B Stock"), at the close of business on July 25, 2003, will be entitled to vote at the Annual Meeting. On that date, 97,816,966 shares of Class A Stock and 165,916,126 shares of Class B Stock were issued and outstanding. Neither class of Common Stock has cumulative voting rights.

Each share of Class A Stock and each share of Class B Stock is entitled to one vote on every matter submitted to the shareholders at the Annual Meeting. With regard to Proposal 1, the election of directors, the holders of Class A Stock and the holders of Class B Stock will vote separately. Holders of Class B Stock are currently entitled to elect 25 percent of the total Board, rounded up to the next whole number. Holders of Class A Stock are currently entitled to elect the remaining directors. Under this formula, holders of Class B Stock, voting separately, will elect four directors, and holders of Class A Stock, voting separately, will elect nine directors. Holders of Class A Stock and holders of Class B Stock will vote together as one class on Proposals 2 and 3.

PROPOSAL 1
ELECTION OF DIRECTORS

A Board of 13 directors will be elected at the Annual Meeting. All of the nominees were elected at the 2002 annual meeting of shareholders, except for Alan B. Graf, Jr., who was elected as a director by the Board of Directors in November 2002. Directors will hold office until the next annual meeting of shareholders or until their successors are elected and qualified.

Jill K. Conway, Alan B. Graf, Jr., John E. Jaqua, and A. Michael Spence are nominated by management for election by the holders of Class B Stock. The other nine nominees are nominated by management for election by the holders of Class A Stock.

Under Oregon law, if a quorum of each class of shareholders is present at the Annual Meeting, the nine director nominees who receive the greatest number of votes cast by holders of Class A Stock and the four director nominees who receive the greatest number of votes cast by holders of Class B Stock will be elected directors. Abstentions and broker non-votes will have no effect on the results of the vote. Unless otherwise instructed, proxy holders will vote the proxies they receive for the nominees listed below. If any nominee becomes unable to serve, the holders of the proxies may, in their discretion, vote the shares for a substitute nominee or nominees designated by the Board of Directors.

Board of Directors and Committees

The Board currently has an Executive Committee, an Audit Committee, a Nominating and Corporate Governance Committee, a Finance Committee, a Corporate Responsibility Committee, and a Compensation Committee, and may also appoint other committees from time to time. Each committee has a written charter; all such charters, as well as the Company's corporate governance guidelines, are available at the Company's internet website (www.nikebiz.com) and will be provided in print to any shareholder who submits a request in writing to NIKE Investor Relations, One Bowerman Drive, Beaverton, Oregon 97005-6453. There were five meetings of the Board of Directors during the last fiscal year. Each director attended at least 75 percent of the total number of meetings of the Board of Directors and committees on which he or she served, except for Mr. Thompson who attended 45 percent.

Pursuant to proposed rules of the New York Stock Exchange, in order for a director to qualify as "independent," the Board of Directors must affirmatively determine that the director has no material relationship with the Company that would impair the director's independence. The proposed rules permit the Board to adopt categorical standards under which relationships will be deemed immaterial without any specific Board determination. Accordingly, the Board has determined that commercial or charitable relationships below the following thresholds will not be considered material relationships that impair a director's independence: (i) if a NIKE director or immediate family member is an executive officer of another company that does business with NIKE and the annual sales to, or purchases from, NIKE are less than one percent of the annual revenues of the other company; and (ii) if a NIKE director or immediate family member serves as an officer, director or trustee of a charitable organization, and NIKE's contributions to the organization are less than one percent of that organization's total annual charitable receipts. In fiscal 2003 and prior years, the Company paid compensation to Mr. DeNunzio, Ms. Jackson, and Mr. Thompson, or firms they own or control, for consulting services related to their areas of expertise (see the paragraph captioned "Certain Transactions and Business Relationships" below). In response to the increased interest of regulators and investors in corporate governance matters, all those consulting relationships were terminated on or before January 1, 2003. Thus, based on the termination of those consulting relationships and the application of the categorical immateriality standard set forth above, the

Board of Directors has determined that all directors, except Mr. Knight and Dr. Clarke who are executive officers of the Company, have no material relationship with the Company and, therefore, are independent.

Executive sessions of non-management directors (consisting of all directors other than Mr. Knight and Dr. Clarke) are regularly scheduled and held at least once each year. The position of presiding director at these executive sessions is rotated among the Chairs of the various Board committees, other than the Executive Committee, so there is no single lead director. Shareholders desiring to communicate directly and confidentially with the non-management directors may do so in writing sent to Non-Management Directors, c/o Lindsay D. Stewart, Secretary, NIKE, Inc., One Bowerman Drive, Beaverton, Oregon 97005-6453.

The Executive Committee of the Board is currently composed of Messrs. Knight (Chairman), Clarke, and Houser. The Executive Committee is authorized to act on behalf of the Board on all corporate actions for which applicable law does not require participation by the full Board. In practice, the Executive Committee acts in place of the full Board only when emergency issues or scheduling make it difficult or impracticable to assemble the full Board. All actions taken by the Executive Committee must be reported at the next Board meeting. The Executive Committee held no formal meetings during the fiscal year ended May 31, 2003, but took actions from time to time pursuant to written consent resolutions.

The Audit Committee is currently composed of Mr. Graf (Chairman), Mr. Robinson, and Dr. Spence. The Board has determined that each member of the Audit Committee meets all applicable independence and financial literacy requirements under both current and proposed New York Stock Exchange listing standards. The Board has also determined that Mr. Graf is an “audit committee financial expert” as defined in regulations adopted by the Securities and Exchange Commission. The Audit Committee is responsible for the engagement or discharge of the independent accountants, reviews and approves services provided by the independent accountants, and reviews with the independent accountants the scope and results of their annual examination of the Company’s consolidated financial statements and any recommendations they may have. The Audit Committee also reviews the Company’s procedures with respect to maintaining books and records, the adequacy and implementation of internal auditing, accounting, disclosure, and financial controls, and the Company’s policies concerning financial reporting and business practices. In 2003, the Audit Committee adopted a new written charter, a copy of which is attached to this Proxy Statement as Exhibit B. The Audit Committee met 11 times during the fiscal year ended May 31, 2003.

The Nominating and Corporate Governance Committee is currently composed of Mr. DeNunzio (Chairman), Ms. Conway, Mr. Donahue, and Mr. Houser. The Nominating and Corporate Governance Committee identifies individuals qualified to become Board members, recommends director nominees for election at each annual shareholder meeting, and develops and recommends corporate governance guidelines and standards for business conduct and ethics. The committee also oversees the annual self-evaluations of the Board and its committees and makes recommendations to the Board concerning the

structure and membership of the other Board committees. The committee will consider shareholder recommendations for candidates for the Board sent to the Nominating and Corporate Governance Committee, c/o Lindsay D. Stewart, Secretary, NIKE, Inc., One Bowerman Drive, Beaverton, Oregon 97005-6453. The Nominating and Corporate Governance Committee met three times during the fiscal year ended May 31, 2003.

The Finance Committee is currently composed of Messrs. Robinson (Chairman), DeNunzio, and Hayes. The Finance Committee considers long-term financing options and needs of the Company, long-range tax and currency issues facing the Company, and management recommendations concerning major capital expenditures and material acquisitions or divestments. The Finance Committee met five times during the fiscal year ended May 31, 2003.

The Corporate Responsibility Committee is currently composed of Dr. Conway (Chair), and Messrs. Donahue, Houser, and Thompson. The Corporate Responsibility Committee reviews significant activities and policies regarding labor and environmental practices, community affairs, charitable and foundation activities, diversity and equal opportunity, and environmental and sustainability initiatives, and makes recommendations to the Board of Directors. The Corporate Responsibility Committee met four times during the fiscal year ended May 31, 2003.

The Compensation Committee is currently composed of Mr. DeNunzio (Chairman), Ms. Jackson, Mr. Jaqua, Dr. Spence and Mr. Thompson. The Compensation Committee makes recommendations to the Board regarding officers' compensation, management incentive compensation arrangements and profit sharing plan contributions. The Compensation Committee also grants stock options and restricted stock bonuses under the NIKE, Inc. 1990 Stock Incentive Plan, and determines targets and awards under the NIKE, Inc. Executive Performance Sharing Plan and the NIKE, Inc. Long-Term Incentive Plan. The Compensation Committee met four times during the fiscal year ended May 31, 2003.

The Compensation Plan Subcommittee of the Compensation Committee is currently composed of Dr. Spence and Mr. Jaqua. The Subcommittee grants stock options and restricted stock bonuses under the NIKE, Inc. 1990 Stock Incentive Plan, and determines targets and awards under the NIKE, Inc. Executive Performance Sharing Plan and the NIKE, Inc. Long-Term Incentive Plan.

Code of Business Conduct and Ethics

The NIKE Code of Ethics ("Code") is available at the Company's internet website (www.nikebiz.com) and will be provided in print without charge to any shareholder who submits a request in writing to NIKE Investor Relations, One Bowerman Drive, Beaverton, Oregon 97005-6453. The Code applies to the Company's chief executive officer and senior financial officers, and to all other Company directors, officers and employees. The Code provides that any waiver of the Code may be made only by the Board.

Any such waiver in favor of a director or executive officer will be publicly disclosed. The Company plans to disclose amendments to, and waivers from, the Code on the Company's internet website: www.nikebiz.com.

Director Compensation and Retirement Plan

Messrs. Knight and Clarke do not receive additional compensation for their services as directors. Directors are reimbursed for travel and other expenses incurred in attending Board meetings. Pursuant to elections made in fiscal 2000, Messrs. Donahue, Hayes, Jaqua, Robinson, and Thompson, and Dr. Conway receive an annual fee of \$22,000 per year, plus \$2,000 for each Board meeting attended, \$1,000 for each committee meeting attended, an annual grant of an option to purchase 4,000 shares of stock at the market price at grant, medical insurance, and \$500,000 of life insurance coverage. Messrs. DeNunzio, Graf, Houser, Spence, and Ms. Jackson, and all directors first elected after fiscal 2000, receive a fee of \$40,000 per year, plus \$2,000 for each Board meeting attended, \$1,000 for each committee meeting attended, an annual grant of an option to purchase 4,000 shares of stock at the market price at grant. However, they receive no medical or life insurance benefits. In exchange for electing the new compensation method in fiscal 2000, Messrs. DeNunzio, Houser and Spence also receive an annual grant of an option to purchase 1,000 shares of stock at the market price on the date of grant.

From 1989 to 1999, the Company provided certain retirement benefits to non-employee directors who retire after serving for five years or more. The plan provided that after ten years of service by a director, the Company would provide such director for the remainder of his or her life with \$500,000 of life insurance and medical insurance at the levels provided by the Company to all of its employees at the time the director retires. The plan also provided that a director who had served for at least five years would receive an annual retirement cash payment for life, commencing on the later of age 65 or the date the director retires or ceases to be a member of the Board. The annual retirement cash payment ranges from \$9,000 for five years of service up to a maximum of \$18,000 for 10 or more years of service.

In fiscal 2000, in an effort to reduce future retirement obligations, the Board of Directors approved a new retirement plan that allowed directors to make a one-time election to waive their future rights to annual retirement cash payments in exchange for a credit to a stock account under the Company's Deferred Compensation Plan equal to the lump sum present value of the payments based on the actuarial life expectancy of each director. The number of shares of Class B Common Stock credited to each stock account was based on the market price of the stock on September 1, 1999. All directors at that time, except for Messrs. Donahue and Robinson, elected the new plan. The number of shares of Class B Common Stock credited to the stock accounts of each director was: Dr. Conway, 4,165; Mr. DeNunzio, 3,852; Mr. Hayes, 4,217; Mr. Houser, 4,243; Mr. Jaqua, 2,610; Dr. Spence, 1,220; and Mr. Thompson, 3,271. Any non-employee directors first elected after fiscal 2000 do not receive retirement benefits.

Directors first elected after the 1993 fiscal year must retire at age 72.

Stock Holdings of Certain Owners and Management

The following table sets forth the number of shares of each class of NIKE securities beneficially owned, as of July 15, 2003, by (i) each person known to the Company to be the beneficial owner of more than 5 percent of any class of the Company's securities, (ii) each of the nominees for director, (iii) each executive officer listed in the Summary Compensation Table ("Named Officers"), and (iv) all nominees, Named Officers, and other executive officers as a group. Because Class A Stock is convertible into Class B Stock on a share-for-share basis, each beneficial owner of Class A Stock is deemed by the Securities and Exchange Commission to be a beneficial owner of the same number of shares of Class B Stock. Therefore, in indicating a person's beneficial ownership of shares of Class B Stock in the table, it has been assumed that such person has converted into Class B Stock all shares of Class A Stock of which such person is a beneficial owner. For these reasons the table contains substantial duplications in the numbers of shares and percentages of Class A and Class B Stock shown for Messrs. Hayes, Jaqua and Knight; for Cardinal Fund I, L.P.; and for all directors and officers as a group.

- (1) In June 2002, the Compensation Committee established a series of performance targets based on fiscal 2003 through 2005 revenues and earnings per share corresponding to award payouts ranging from 10% to 150% of the target awards. Participants will receive a payout at the average of the percentage levels corresponding to the results for the two targets, subject to the Committee's discretion to reduce or eliminate any award based on Company or individual performance. Under the terms of the awards, on August 15, 2005 the Company would issue in the name of each participant a number of shares of Class B Stock with a value equal to the award payout based on the closing price of the Class B Stock on that date on the New York Stock Exchange, or pay all or part of that value in cash, at the election of the participant. The shares or cash will be 100% vested at that time. The Company's performance in fiscal years 2001 to 2003 corresponded to an LTIP payout of 80% of the target awards for the performance period that ended on May 31, 2003.

Performance Graph

The following graph demonstrates a five-year comparison of cumulative total returns for NIKE's Class B Stock, the Standard & Poor's 500 Stock Index, and the Standard & Poor's Footwear and Apparel, Accessories & Luxury Goods Indices. The graph assumes an investment of \$100 on May 31, 1998 in each of the Company's Common Stock, and the stocks comprising the Standard & Poor's 500 Stock Index and the Standard & Poor's Footwear and Apparel and Accessories Indices. Each of the indices assumes that all dividends were reinvested.

COMPARISON OF 5-YEAR CUMULATIVE TOTAL RETURN AMONG NIKE, INC., S&P 500 INDEX, S&P FOOTWEAR INDEX AND S&P APPAREL, ACCESSORIES & LUXURY GOODS INDEX

The Standard & Poor's Footwear Index consists of NIKE and Reebok International. The Standard & Poor's Apparel, Accessories & Luxury Goods Index consists of Liz Claiborne, Inc., VF Corp., and Jones Apparel. The Standard & Poor's Footwear and Apparel, Accessories, and Luxury Goods Indices include companies in two major lines of business in which the Company competes. The indices do not encompass all of the Company's competitors, nor all product categories and lines of business in which the Company is engaged. Because NIKE is part of the S&P Footwear Index, the price and returns of NIKE stock affect this index.

The Stock Performance shown on the Graph above is not necessarily indicative of future performance. The Company will not make nor endorse any predictions as to future stock performance.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the “Committee”), subject to the approval of the Board of Directors, determines the compensation of the Company’s five most highly compensated executive officers, including the Chief Executive Officer, and oversees the administration of executive compensation programs, except that stock option grants, and targets and awards under the Executive Performance Sharing Plan and the Long-Term Incentive Plan are made by the Compensation Plan Subcommittee (the “Subcommittee”), which is composed of outside directors.

Executive Compensation Policies and Programs. The Company’s executive compensation programs are designed to attract and retain highly qualified executives and to motivate them to maximize shareholder returns by achieving both short- and long-term strategic Company goals. The programs link each executive’s compensation directly to individual and Company performance. A significant portion of each executive’s total compensation is variable and dependent upon the attainment of strategic and financial goals, individual performance objectives, and the appreciation in value of the Common Stock.

There are three basic components to the Company’s “pay for performance” system: base pay; annual incentive bonus; and long-term incentive compensation. Each component is addressed in the context of individual and Company performance, competitive conditions and equity among employees. In determining competitive compensation levels, the Company analyzes information from several independent surveys that include information regarding the general industry as well as other consumer product companies. Since the Company’s market for executive talent extends beyond the sports industry, the survey data includes global name-brand consumer product companies with sales in excess of \$2 billion. A comparison of the Company’s financial performance with that of the companies and indices shown in the Performance Graph is only one of many factors considered by the Committee to determine executive compensation.

Base Pay. Base pay is designed to be competitive, although conservative (generally in the second or third quartile) as compared to salary levels for equivalent executive positions at other global consumer product companies. An executive’s actual salary within this competitive framework will vary based on responsibilities, experience, leadership, potential future contribution, and demonstrated individual performance (measured against strategic management objectives such as maintaining customer satisfaction, developing innovative products, strengthening market share and profitability, and expanding the markets for the Company’s products). The types and relative importance of specific financial and other business objectives vary among the Company’s executives depending on their positions and the particular operations or functions for which they are responsible. The Company’s philosophy and practice is to place a relatively greater emphasis on the incentive components of compensation.

Annual Incentive Bonus. Each executive is eligible to receive an annual cash bonus under the Executive Performance Sharing Plan. The “target” level for that bonus, like the base salary level, is set with reference to Company-wide bonus programs, as well as competitive conditions. These target levels are intended to motivate the Company’s executives by providing substantial bonus payments for the achievement of financial goals within the Company’s business plan. An executive receives a percentage of his or her target bonus depending on the extent to which the Company achieves financial performance goals set by the Subcommittee, as measured by the Company’s net income before taxes. Bonuses may exceed the target if the Company’s performance exceeds the goal.

Long-Term Incentive Compensation. The long-term compensation program is tied directly to shareholder return. Under the current program, long-term incentive compensation consists of stock options, 25% of which vest in each of the four years after grant, and performance-based stock or cash awards under the Long-Term Incentive Plan (“LTIP”).

Stock options are awarded with an exercise price equal to the fair market value of the Class B Stock on the date of grant. Accordingly, the executive is rewarded only if the market price of the Class B Stock appreciates. Since options vest over time, the Company periodically grants new options to provide continuing incentives for future performance. The size of previous grants and the number of options held are considered by the Subcommittee, but are not entirely determinative of future grants. Like base pay, the grant is set with regard to competitive considerations, and each executive’s actual grant is based upon individual performance measured against the criteria described in the preceding paragraphs and the executive’s potential for future contributions.

Under the LTIP, the Subcommittee has established a series of performance targets corresponding to awards of stock or cash ranging from 10% to 150% of the target awards. The performance targets have been based on revenues and earnings per share for performance periods of three years, in order to provide an incentive to achieve the Company’s longer-term performance goals. If performance targets are achieved, shares of stock or cash issued to executives are fully vested upon payment.

Stock options and performance-based stock and cash awards under the LTIP are designed to align the interests of the Company’s executives with those of shareholders by encouraging executives to enhance the value of the Company and, hence, the price of the Class B Stock and the shareholders’ return. In addition, through deferred vesting and three-year performance periods, this component of the compensation system is designed to create an incentive for the individual executive to remain with the Company.

Other Plans. The Company maintains combined profit sharing and 401(k) retirement plans, a non-qualified Deferred Compensation Plan, and Employee Stock Purchase Plans. Under the profit sharing retirement plan, the Company annually contributes to a trust on behalf of employees, including executive officers, an amount that in the past five fiscal years has equaled an annual contribution of between 3.29% to 4.09% of each employee’s earnings. The percentage is determined by the Board of Directors.

For fiscal 2003, under the terms of the profit sharing plan, each employee, including each executive officer, received a contribution to his or her plan account of 3.1971% of the employee's total eligible salary and bonus up to \$200,000. Under the terms of the Deferred Compensation Plan, employees, including executive officers, whose total eligible salary and bonus exceeds \$200,000 receive a supplemental profit sharing contribution into a nonqualified deferred compensation account in an amount equal to the additional contribution they would have received under the profit sharing plan if not for the \$200,000 cap on salary and bonus considered for purposes of that plan as required under IRS regulations. Accordingly, those employees each received supplemental contributions equal to 3.1971% of their eligible salary and bonus in excess of \$200,000. These profit sharing plans serve to retain employees and executives, since funds do not fully vest until after five years of employment with the Company.

Under the 401(k) retirement plan, the Company contributes up to 4% of each employee's earnings as a matching contribution for pre-tax salary deferred into the plan. This matching contribution is initially invested in Class B Stock, which strengthens the linkage between employee and shareholder interests.

The Company's Employee Stock Purchase Plan ("ESPP") qualifies under Section 423 of the Internal Revenue Code. The ESPP allows employees to defer up to 10% of their annual compensation for purchases of Class B Stock, subject to certain limitations. The stock is purchased every six months at 85% of the lower of the price of the stock at the beginning and end of the six-month period. Pursuant to the Foreign Subsidiary Employee Stock Purchase Plan, the Company offers and sells Class B Stock on substantially identical terms to employees of selected non-U.S. subsidiaries. These plans are intended to encourage employee investment in the Company and to provide an incentive for employees to increase shareholder returns.

Annual Reviews. Each year, the Committee reviews the executive compensation policies with respect to the linkage between executive compensation and the creation of shareholder value, as well as the competitiveness of the programs. The Committee determines what changes, if any, are appropriate in the compensation programs for the following year. In conducting the annual review, the Committee considers information provided by Human Resources staff and uses surveys and reports prepared by independent compensation consultants.

Each year, the Committee, with the Chairman and Human Resources staff, reviews the individual performance of each of the other four most highly compensated executive officers, and the Chairman's recommendations with respect to the appropriate compensation levels and awards. The Subcommittee sets performance and bonus targets, and certifies awards, under the Executive Performance Sharing Plan and the LTIP, and makes stock option grants and restricted stock awards. The Committee makes recommendations to the Board of Directors for final approval of all other compensation matters. The Committee also reviews with the Chairman and the Human Resources staff the financial and other strategic objectives, such as those identified above, for each of the named executive officers for the following year.

For fiscal year 2003, the Company met targeted performance objectives set for named executive officers sufficient for a payout under the Executive Performance Sharing Plan. This resulted from increased profitability due to aligning costs with revenues, and sales increases in key product categories and markets, more than offsetting reductions in others. Furthermore, the Company's competitive position in the industry remained strong. The Company's financial performance corresponded to bonuses of 94.4% of the individual target bonuses under the Executive Performance Sharing Plan, and 80% of the individual target payouts under the three-year LTIP.

Chief Executive Officer. In reviewing Mr. Knight's performance, the Committee focused primarily on the Company's performance in fiscal year 2003, which resulted in better earnings compared to the performance of the previous year. The Committee noted continued progress toward the achievement of various strategic objectives such as earnings growth, operational efficiencies, and growth in key product categories and regions. The Committee also considered the other factors described above. Consistent with the plans, Mr. Knight received a bonus of \$1,121,840 under the Executive Performance Sharing Plan, \$320,000 under the LTIP, and no stock option awards. The Committee increased Mr. Knight's base salary 3.7% to \$1,400,000 for the 2004 fiscal year.

Section 162(m) of the Internal Revenue Code. In 2000 shareholders re-approved the Executive Performance Sharing Plan and the stock option plan, and in 2002 they re-approved the LTIP. It is proposed that shareholders amend and re-approve the stock option plan this year. The plans are each designed to satisfy the performance-based exception to the Section 162(m) limitation on deductibility with respect to incentive compensation for named executive officers, except that restricted stock bonuses do not qualify as performance based.

initial option and restricted stock grants will be fully vested. The Company may unilaterally waive the covenant not to compete. If the covenant is waived, the Company will not be required to make the payments described above for the months as to which the waiver applies.

Accordingly, the Company does not expect to pay Ms. Jackson for consulting services during fiscal year 2004.

Indebtedness of Management

In 1994 the Company loaned \$500,000 at 5.65% per annum to President of New Business Ventures Thomas E. Clarke for the purchase of a second home. The loan is secured by the second home, and must be repaid within 180 days following termination of employment. As an inducement to remain employed by the Company, the Company agreed to forgive \$100,000 of the loan commencing January 1, 2000 and on each of the four anniversary dates thereafter, provided that Dr. Clarke remains employed by the Company. In May 2003, the company forgave the remaining \$100,000 balance of the loan, approximately seven months ahead of schedule.

PROPOSAL 2
APPROVAL OF AMENDMENT TO THE NIKE, INC.
1990 STOCK INCENTIVE PLAN

The Board of Directors believes that the availability of stock options and other stock-based incentives under the Company's 1990 Stock Incentive Plan (the "Plan") is important to the Company's ability to attract and retain experienced employees and to provide an incentive for them to exert their best efforts on behalf of the Company. As of May 31, 2003, out of a total of 37,500,000 shares of Class B Stock reserved for issuance under the Plan, 6,080,406 shares remained available for grant. The Board of Directors believes additional shares will be needed under the Plan to provide appropriate incentives to key employees. Accordingly, on June 20, 2003 the Board of Directors approved an amendment to the Plan, subject to shareholder approval, to reserve an additional 12,500,000 shares of Class B Stock for the Plan, thereby increasing the total number of shares reserved for issuance under the Plan from 37,500,000 to 50,000,000 shares. The additional 12,500,000 shares proposed for issuance under the Plan represent 4.7% of the total outstanding Class A Stock and Class B Stock as of July 25, 2003. In addition, shareholder approval of this proposal will constitute reapproval of the per-employee limit on grants of options and stock appreciation rights under the Plan of 200,000 shares annually. This reapproval is required every five years for continued compliance with regulations under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). See "Tax Consequences."

The complete text of the Plan, marked to show the proposed amendment, is attached to this proxy statement as Exhibit A. The following description of the Plan is a summary of certain provisions and is qualified in its entirety by reference to Exhibit A.

Description of the Plan

Eligibility. All employees, officers and directors of the Company and its subsidiaries, as well as consultants, advisors and independent contractors to the Company, are eligible to be selected for awards under the Plan. The number of persons who currently hold options granted under the Plan is approximately 3,200.

Administration. The Plan is administered by the Compensation Committee of the Board of Directors (the "Committee"). The Committee may promulgate rules and regulations for the operation of the Plan and related agreements and generally supervises the administration of the Plan. The Committee determines the individuals to whom awards are made under the Plan, the amount of the awards, and the other terms and conditions of the awards, except that the Committee has delegated to the Chief Executive Officer the authority to grant awards with respect to a maximum of 50,000 shares to any eligible employee who is not at the time of such grant subject to the reporting requirements and liability provisions contained in

Section 16 of the Securities Exchange Act of 1934 and the regulations thereunder. The Committee may also advance the period, accelerate any exercise date, waive or modify any restriction with respect to an award, or give an individual an election to surrender an existing award in exchange for the grant of a new award.

Term of Plan. The Plan will continue until all shares available for issuance under the Plan have been issued and all restrictions on such shares have lapsed. The Board of Directors has the power to suspend, terminate, modify or amend the Plan at any time.

Stock Options. The Committee may grant stock options to eligible individuals under the Plan. The Committee will determine the individuals to whom options will be granted, the exercise price of each option, the number of shares to be covered by each option, the period of each option, the times at which each option may be exercised, and whether each option is an Incentive Stock Option (intended to meet all of the requirements of an Incentive Stock Option as defined in Section 422 of the Code) or a non-statutory stock option. If an option is an Incentive Stock Option, the exercise price must be at least 100 percent of the fair market value of the underlying shares on the date of grant. If a grantee of an Incentive Stock Option at the time of grant owns stock possessing more than 10 percent of the combined voting power of all classes of stock of the Company, the exercise price may not be less than 110 percent of the fair market value of the underlying shares on the date of grant. If the option is a non-statutory stock option, the exercise price may not be less than 75 percent of the fair market value of the underlying shares on the date of grant. For purposes of determining the exercise price of options granted under the Plan, the fair market value of the Class B Stock will be deemed to be the closing price of the Class B Stock as reported in the NYSE-Composite Transactions in The Wall Street Journal, or such other reported value of the Class B Stock as shall be specified by the Committee, on the last trading day preceding the date of grant. No monetary consideration will be paid to the Company upon the granting of options.

Options may be granted for varying periods established at the time of grant, not to exceed 10 years from the date of grant for Incentive Stock Options. Incentive Stock Options are nontransferable except in the event of the death of the holder. The Committee has discretion to allow non-statutory stock options to be transferred to immediate family members of the optionee, subject to certain limitations. Options will be exercisable in accordance with the terms of an option agreement entered into at the time of the grant. In the event of the death or other termination of an optionee's employment with the Company, the Plan provides that the optionee's options may be exercised for specified periods thereafter (one year in the case of termination by reason of death or disability and three months in the case of termination for any other reason). The Plan also provides that upon any termination of employment, the Committee may extend the exercise period for any period up to the expiration date of the option and may increase the portion of the option that is exercisable.

The purchase price for shares purchased pursuant to the exercise of options must be paid in cash, including cash that may be the proceeds of a loan from the Company, or, with the consent of the

Committee, in whole or in part in shares of Class B Stock. With the consent of the Committee, an optionee may request the Company to apply the shares to be received on exercise of a portion of an option to satisfy the exercise price for additional portions of the option. Upon the exercise of an option, the number of shares subject to the option and the number of shares available for issuance under the Plan will be reduced by the number of shares issued upon exercise of the option. Option shares that are not purchased prior to the expiration, termination or cancellation of the related option will become available for future awards under the Plan.

Stock Appreciation Rights. The Committee may grant stock appreciation rights (“SARs”) to eligible individuals under the Plan. SARs may, but need not, be granted in connection with an option. An SAR gives the holder the right to payment from the Company of an amount equal in value to the excess of the fair market value on the date of exercise of one share of Class B Stock over its fair market value on the date of grant (or, if granted in connection with an option, the exercise price per share under the option to which the SAR relates), multiplied by the number of shares covered by the portion of the SAR or option that is surrendered. The fair market value of the Class B Stock on the date of exercise shall be deemed to be the closing price of the Class B Stock as reported in the NYSE-Composite Transactions in The Wall Street Journal, or such other reported value of the Class B Stock as shall be specified by the Committee, on the date of exercise, or if such date is not a trading day, then on the immediately preceding trading day. An SAR holder will not pay the Company any cash consideration upon either the grant or exercise of an SAR, except for tax withholding amounts upon exercise.

An SAR is exercisable only at the time or times established by the Committee. If an SAR is granted in connection with an option, it is exercisable only to the extent and on the same conditions that the related option is exercisable. Payment by the Company upon exercise of an SAR may be made in shares of Class B Stock valued at fair market value, or in cash, or partly in stock and partly in cash, as determined by the Committee. The Committee may withdraw any SAR granted under the Plan at any time and may impose any conditions upon the exercise of an SAR or adopt rules and regulations from time to time affecting the rights of holders of SARs. If an SAR is not exercised prior to the expiration, termination or cancellation of the SAR, the unissued shares subject to the SAR will become available for future awards under the Plan. Cash payments for SARs will not reduce the number of shares available for awards under the Plan. The existence of exercisable SARs will require the Company to make periodic charges against the Company’s income to the extent of the amount of appreciation, if any, in the market value of the Class B Stock over the exercise price of shares subject to such SARs. No SARs have been granted under the Plan.

Stock Bonuses. The Committee may award Class B Stock to eligible individuals as stock bonuses under the Plan. The Committee will determine the individuals to receive stock bonuses, the number of shares to be awarded and the time of the award. No cash consideration (other than tax withholding amounts) will be paid by bonus recipients to the Company in connection with stock bonuses. Shares received as a stock bonus may be subject to terms, conditions and restrictions as determined by the

Committee. Restrictions may include restrictions concerning transferability, forfeiture of the shares issued, or such other restrictions as the Committee may determine. Stock bonus shares that are forfeited to the Company will be available for future grant under the Plan.

Restricted Stock. The Committee may award restricted shares to eligible individuals in such amounts, for such consideration (including promissory notes and services), subject to such restrictions, and on such terms as the Committee may determine. Restrictions may include restrictions concerning transferability, repurchase by the Company, forfeiture of the shares issued, or such other restrictions as the Committee may determine. No restricted shares may be issued for consideration that is less than 75 percent of the fair market value of such shares at the time of issuance. Restricted shares that are forfeited to or repurchased by the Company will be available for future grant under the Plan.

Acceleration in Certain Events. The Plan provides for automatic acceleration of the vesting of options and SARs granted under the Plan in the event that the shareholders of the Company approve (i) certain transactions involving the Company and pursuant to which the Company is not the surviving entity or pursuant to which the Common Stock of the Company would be converted into cash, securities, or other property, (ii) a sale or other transfer of all or substantially all of the assets of the Company or (iii) adoption of any plan or proposal for the liquidation or dissolution of the Company. Such acceleration may also be effected at the discretion of the Committee in the event of a merger, consolidation or plan of exchange in which the Company is the surviving entity. These provisions relating to acceleration may, in certain circumstances, tend to discourage attempts to acquire the Company.

The Plan also provides for automatic acceleration of options and related SARs held by any employee whose employment is terminated by reason of death, disability, or “retirement” as defined in the Plan.

Corporate Mergers. The Committee may make awards under the Plan that have terms and conditions that vary from those specified in the Plan when such awards are granted in substitution for, or in connection with the assumption of, existing awards made by another corporation and assumed or otherwise agreed to be provided for by the Company in connection with a corporate merger or other similar transaction to which the Company or an affiliated Company is a party.

Tax Consequences

Certain options authorized to be granted under the Plan are intended to qualify as “Incentive Stock Options” for federal income tax purposes. Under federal income tax law in effect as of the date of this proxy statement, an optionee will recognize no regular income upon grant or exercise of an Incentive Stock Option. The amount by which the market value of shares issued upon exercise of an Incentive Stock Option exceeds the exercise price, however, is included in the optionee’s alternative minimum taxable income and may, under certain conditions, be taxed under the alternative minimum tax. If an optionee exercises an

Incentive Stock Option and does not dispose of any of the shares thereby acquired within two years following the date of grant and within one year following the date of exercise, then any gain realized upon subsequent disposition of the shares will be treated as income from the sale or exchange of a capital asset. If an optionee disposes of shares acquired upon exercise of an Incentive Stock Option before the expiration of either the one-year holding period or the two-year holding period specified in the foregoing sentence (a “disqualifying disposition”), the optionee will realize ordinary income in an amount equal to the lesser of (i) the excess of the fair market value of the shares on the date of exercise over the option price or (ii) the excess of the fair market value of the shares on the date of disposition over the option price. Any additional gain realized upon the disqualifying disposition will constitute capital gain. The Company will not be allowed any deduction for federal income tax purposes at either the time of grant or the time of exercise of an Incentive Stock Option. Upon any disqualifying disposition by an optionee, the Company will generally be entitled to a deduction to the extent the optionee realizes ordinary income.

Certain options authorized to be granted under the Plan will be treated as non-statutory stock options for federal income tax purposes. Under federal income tax law in effect as of the date of this proxy statement, no income is realized by the grantee of a non-statutory stock option until the option is exercised. At the time of exercise of a non-statutory stock option, the optionee will realize ordinary income, and the Company will generally be entitled to a deduction, in the amount by which the fair market value of the shares subject to the option at the time of exercise exceeds the exercise price. The Company is required to withhold income taxes on such income if the optionee is an employee. Upon the sale of shares acquired upon exercise of a non-statutory stock option, the optionee will realize capital gain or loss equal to the difference between the amount realized from the sale and the fair market value of the shares on the date of exercise.

An individual who receives stock under the Plan will generally realize ordinary income at the time of receipt unless the shares are not substantially vested for purposes of Section 83 of the Code. Absent an election under Section 83(b), an individual who receives shares that are not substantially vested will realize ordinary income in each year in which a portion of the shares substantially vests. The amount of ordinary income recognized in any such year will be the fair market value of the shares that substantially vest in that year less any consideration paid for the shares. The Company will be entitled to a deduction in the amount includable as ordinary income by the recipient at the same time or times as the recipient recognizes ordinary income with respect to the shares. The Company is required to withhold income taxes on such income if the recipient is an employee.

Section 162(m) of the Code limits to \$1,000,000 per person the amount that the Company may deduct for compensation paid to any of its most highly compensated officers in any year. Under IRS regulations, compensation received through the exercise of an option or stock appreciation right will not be subject to the \$1,000,000 limit if the option or stock appreciation right and the plan pursuant to which it is granted meet certain requirements. One requirement is shareholder approval at least once every five years of a per-

employee limit on the number of shares as to which options and stock appreciation rights may be granted. Approval of this Proposal 2 will constitute reapproval of the per-employee limit under the Plan previously approved by the shareholders. Other requirements are that the option or stock appreciation right be granted by a committee of at least two outside directors and that the exercise price of the option or stock appreciation right be not less than fair market value of the Class B Stock on the date of grant. Accordingly, the Company believes that if this proposal is approved by shareholders, compensation received on exercise of options and stock appreciation rights granted under the Plan in compliance with all of the above requirements will continue to be exempt from the \$1,000,000 deduction limit.

Board Recommendation

The Board of Directors recommends that shareholders vote FOR approval of the amendments to the Plan. Holders of Class A Stock and Class B Stock will vote together as a single class on Proposal 2. If holders of a majority of the shares of Common Stock vote on the proposal, Proposal 2 will be adopted if a majority of the votes cast are cast for the proposal. Abstentions are considered votes cast and have the same effect as “no” votes in determining whether the proposal is adopted. Broker non-votes are not counted as voted on the proposal and therefore have no effect on the results of the vote.

PROPOSAL 3

RATIFICATION OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP as independent accountants to examine the Company's consolidated financial statements for the fiscal year ending May 31, 2004 and to render other professional services as required.

The Audit Committee is submitting the appointment of PricewaterhouseCoopers LLP to shareholders for ratification.

Representatives of PricewaterhouseCoopers will be present at the Annual Meeting and are expected to be available to respond to questions.

Aggregate fees billed by the Company's principal accountants, PricewaterhouseCoopers LLP, for audit services related to the most recent two fiscal years, and for other professional services billed in the most recent two fiscal years, were as follows:

<u>Type of Service</u>	<u>2003</u>	<u>2002</u>
Audit Fees (1)	\$2.4 million	\$ 1.9 million
Audit-Related Fees (2)	\$0.4 million	\$ 0.7 million
Tax Fees (3)	\$2.8 million	\$ 2.3 million
Supply Chain System Development and Training Fees (4)	\$2.8 million	\$11.0 million
Miscellaneous Service Fees (5)	\$0.8 million	\$ 3.2 million
All Other Fees	\$3.6 million	\$14.2 million
Total	<u>\$9.2 million</u>	<u>\$19.1 million</u>

-
- (1) Comprised of the audit of the Company's annual financial statements and reviews of the Company's quarterly financial statements, as well as statutory audits of Company subsidiaries, attest services, comfort letters and consents to SEC filings.
 - (2) Comprised of employee benefit plan audits, acquisition due diligence, and consultations regarding financial accounting and reporting.
 - (3) Comprised of services for tax compliance, tax return preparation, tax advice, and tax planning.
 - (4) Beginning in late 1998, NIKE commenced a multi-year, \$400 million project to replace and upgrade its supply chain systems, including design, production, sales, distribution and finance. PricewaterhouseCoopers LLP was chosen through a competitive bidding process as one of several major contractors to work on a portion of that project. In October 2002, the Business Consulting Services unit of International Business Machines Corporation acquired the consulting division of PricewaterhouseCoopers working on the supply chain project. Accordingly, such services are no longer performed by PricewaterhouseCoopers, and the amounts in the above table related to those projects for 2003 only include amounts billed by PricewaterhouseCoopers through October 2002.

- (5) Fiscal 2003 comprised of services for labor and corporate responsibility audits (\$0.3 million) and other miscellaneous services (\$0.5 million). Fiscal 2002 comprised of consulting services on a sales incentive project (\$2.2 million), labor and corporate responsibility audits (\$0.5 million) and other miscellaneous services (\$0.5 million). Costs for services for labor and corporate responsibility audits declined between fiscal 2003 and fiscal 2002 because the Company began engaging internal personnel to perform some of these services.

In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee established policies and procedures under which all audit and non-audit services performed by the Company's principal accountants must be approved in advance by the Audit Committee. As provided in the Sarbanes-Oxley Act, all audit and non-audit services to be provided after May 6, 2003 must be pre-approved by the Audit Committee in accordance with these policies and procedures. Based in part on consideration of the non-audit services provided by PricewaterhouseCoopers during fiscal year 2003, the Audit Committee determined that such non-audit services were compatible with maintaining the independence of PricewaterhouseCoopers.

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, the following Report of the Audit Committee shall not be incorporated by reference into any such filings and shall not otherwise be deemed filed under such acts.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has:

- Reviewed and discussed the audited financial statements with management.
- Discussed with the independent auditors the matters required to be discussed by SAS 61.
- Received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, and has discussed with the independent auditors the auditors' independence.
- Based on the review and discussions above, recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

OTHER MATTERS

As of the time this proxy statement was printed, management was unaware of any proposals to be presented for consideration at the Annual Meeting other than those set forth herein, but if other matters do properly come before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy according to their best judgment.

SHAREHOLDER PROPOSALS

A proposal by a shareholder for inclusion in the Company's proxy statement and form of proxy for the 2004 annual meeting of shareholders must be received by John F. Coburn III, Assistant Secretary of NIKE, at One Bowerman Drive, Beaverton, Oregon 97005-6453, on or before April 17, 2004 in order to be eligible for inclusion. Rules under the Securities Exchange Act of 1934 describe standards as to the submission of shareholder proposals. In addition, the Company's bylaws require that any shareholder wishing to make a nomination for Director, or wishing to introduce a proposal or other business at a shareholder meeting must give the Company at least 60 days' advance written notice, and that notice must meet certain requirements described in the bylaws.

EXHIBIT A

NIKE, Inc. 1990 Stock Incentive Plan*

1. Purpose. The purpose of this Stock Incentive Plan (the "Plan") is to enable NIKE, Inc. (the "Company") to attract and retain as directors, officers, employees, consultants, advisors and independent contractors people of initiative and ability and to provide additional incentives to such persons.

2. Shares Subject to the Plan. Subject to adjustment as provided below and in paragraph 10, the shares to be offered under the Plan shall consist of Class B Common Stock of the Company ("Shares"), and the total number of Shares that may be issued under the Plan shall not exceed [*thirty-seven million five hundred thousand (37,500,000)*] **fifty million (50,000,000)** Shares. If an option or stock appreciation right granted under the Plan expires, terminates or is canceled, the unissued Shares subject to such option or stock appreciation right shall again be available under the Plan. If Shares sold or awarded as a bonus under the Plan are forfeited to the Company or repurchased by the Company, the number of Shares forfeited or repurchased shall again be available under the Plan.

3. Effective Date and Duration of Plan.

(a) Effective Date. The Plan shall become effective when adopted by the Board of Directors of the Company. However, no option or stock appreciation right granted under the Plan shall become exercisable until the Plan is approved by the affirmative vote of the holders of a majority of the Common Stock of the Company represented at a shareholders meeting at which a quorum is present and any awards under the Plan prior to such approval shall be conditioned on and subject to such approval. Subject to this limitation, options and stock appreciation rights may be granted and Shares may be awarded as bonuses or sold under the Plan at any time after the effective date and before termination of the Plan.

(b) Duration. The Plan shall continue in effect until all Shares available for issuance under the Plan have been issued and all restrictions on such Shares have lapsed. The Board of Directors may suspend or terminate the Plan at any time except with respect to options and Shares subject to restrictions then outstanding under the Plan. Termination shall not affect any outstanding options, any right of the Company to repurchase Shares or the forfeitability of Shares issued under the Plan.

4. Administration.

The Plan shall be administered by a committee appointed by the Board of Directors of the Company consisting of not less than two directors (the "Committee"), which shall determine and designate from time to time the individuals to whom awards shall be made, the amount of the awards and the other terms and

* Matter in bold and underlined is new; matter in brackets and italics is to be deleted.

conditions of the awards, except that only the Board of Directors may amend or terminate the Plan as provided in paragraphs 3 and 13. Subject to the provisions of the Plan, the Committee may from time to time adopt and amend rules and regulations relating to administration of the Plan, advance the lapse of any waiting period, accelerate any exercise date, waive or modify any restriction applicable to Shares (except those restrictions imposed by law) and make all other determinations in the judgment of the Committee necessary or desirable for the administration of the Plan. The interpretation and construction of the provisions of the Plan and related agreements by the Committee shall be final and conclusive. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any related agreement in the manner and to the extent it shall deem expedient to carry the Plan into effect, and it shall be the sole and final judge of such expediency. Notwithstanding anything to the contrary contained in this Paragraph 4, the Committee may delegate to the Chief Executive Officer of the Company the authority to grant awards with respect to a maximum of 50,000 Shares to any eligible employee who is not, at the time of such grant, subject to the reporting requirements and liability provisions contained in Section 16 of the Securities Exchange Act of 1934 (the "Exchange Act") and the regulations thereunder.

5. Types of Awards; Eligibility. The Committee may, from time to time, take the following action, separately or in combination, under the Plan: (i) grant Incentive Stock Options, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), as provided in paragraph 6(b); (ii) grant options other than Incentive Stock Options ("Non-Statutory Stock Options") as provided in paragraph 6(c); (iii) award stock bonuses as provided in paragraph 7; (iv) sell shares subject to restrictions as provided in paragraph 8; and (v) grant stock appreciation rights as provided in paragraph 9. Any such awards may be made to employees, including employees who are officers or directors, of the Company or any parent or subsidiary corporation of the Company and to other individuals described in paragraph 1 who the Committee believes have made or will make an important contribution to the Company or its subsidiaries; provided, however, that only employees of the Company shall be eligible to receive Incentive Stock Options under the Plan. The Committee shall select the individuals to whom awards shall be made. The Committee shall specify the action taken with respect to each individual to whom an award is made under the Plan. At the discretion of the Committee, an individual may be given an election to surrender an award in exchange for the grant of a new award. No employee may be granted options or stock appreciation rights under the Plan for more than 200,000 Shares in any calendar year.

6. Option Grants.

(a) Grant. The Committee may grant options under the Plan. With respect to each option grant, the Committee shall determine the number of Shares subject to the option, the option price, the period of the option, the time or times at which the option may be exercised and whether the option is an Incentive Stock Option or a Non-Statutory Stock Option.

(b) Incentive Stock Options. Incentive Stock Options shall be subject to the following terms and conditions:

(i) An Incentive Stock Option may be granted under the Plan to an employee possessing more than 10 percent of the total combined voting power of all classes of stock of the Company or of any parent or subsidiary of the Company only if the option price is at least 110 percent of the fair market value of the Shares subject to the option on the date it is granted, as described in paragraph 6(b)(iii), and the option by its terms is not exercisable after the expiration of five years from the date it is granted.

(ii) Subject to paragraphs 6(b)(i) and 6(d), Incentive Stock Options granted under the Plan shall continue in effect for the period fixed by the Committee, except that no Incentive Stock Option shall be exercisable after the expiration of 10 years from the date it is granted.

(iii) The option price per share shall be determined by the Committee at the time of grant. Subject to paragraph 6(b)(i), the option price shall not be less than 100 percent of the fair market value of the Shares covered by the Incentive Stock Option at the date the option is granted. The fair market value shall be deemed to be the closing price of the Class B Common Stock of the Company as reported in the New York Stock Exchange Composite Transactions in the Wall Street Journal on the day preceding the date the option is granted, or if there has been no sale on that date, on the last preceding date on which a sale occurred, or such other reported value of the Class B Common Stock of the Company as shall be specified by the Committee.

(iv) No Incentive Stock Option shall be granted on or after the tenth anniversary of the last action by the Board of Directors approving an increase in the number of shares available for issuance under the Plan, which action was subsequently approved within 12 months by the shareholders.

(c) Non-Statutory Stock Options. The option price for Non-Statutory Stock Options shall be determined by the Committee at the time of grant. The option price may not be less than 75 percent of the fair market value of the Shares covered by the Non-Statutory Stock Option on the date the option is granted. The fair market value of Shares covered by a Non-Statutory Stock Option shall be determined pursuant to paragraph 6(b)(iii).

(d) Exercise of Options. Except as provided in paragraph 6(f), no option granted under the Plan may be exercised unless at the time of such exercise the optionee is employed by the Company or any parent or subsidiary corporation of the Company and shall have been so employed continuously since the date such option was granted. Absence on leave or on account of illness or disability under rules established by the Committee shall not, however, be deemed an interruption of employment for this purpose. Except as provided in paragraphs 6(f), 10 and 11, options granted under the Plan may be exercised from time to time over the period stated in each option in such amounts and at such times as shall be

prescribed by the Committee, provided that options shall not be exercised for fractional shares. Unless otherwise determined by the Committee, if the optionee does not exercise an option in any one year with respect to the full number of Shares to which the optionee is entitled in that year, the optionee's rights shall be cumulative and the optionee may purchase those Shares in any subsequent year during the term of the option.

(e) Nontransferability. Except as provided below, each stock option granted under the Plan by its terms shall be nonassignable and nontransferable by the optionee, either voluntarily or by operation of law, and each option by its terms shall be exercisable during the optionee's lifetime only by the optionee. A stock option may be transferred by will or by the laws of descent and distribution of the state or country of the optionee's domicile at the time of death. A Non-Statutory Stock Option shall also be transferable pursuant to a qualified domestic relations order as defined under the Code or Title I of the Employee Retirement Income Security Act. The Committee may, in its discretion, authorize all or a portion of a Non-Statutory Stock Option granted to an optionee to be on terms which permit transfer by the optionee to (i) the spouse, children or grandchildren of the optionee ("Immediate Family Members"), (ii) a trust or trusts for the exclusive benefit of Immediate Family Members, or (iii) a partnership in which Immediate Family Members are the only partners, provided that (x) there may be no consideration for any transfer, (y) the stock option agreement pursuant to which the options are granted must expressly provide for transferability in a manner consistent with this paragraph, and (z) subsequent transfers of transferred options shall be prohibited except by will or by the laws of descent and distribution. Following any transfer, options shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer, provided that for purposes of paragraphs 6(d), 6(g), 10 and 11 the term "optionee" shall be deemed to refer to the transferee. The events of termination of employment of paragraph 6(f), shall continue to be applied with respect to the original optionee, following which the options shall be exercisable by the transferee only to the extent, and for the periods specified, and all other references to employment, termination of employment, life or death of the optionee, shall continue to be applied with respect to the original optionee.

(f) Termination of Employment or Death.

(i) Unless otherwise provided at the time of grant, in the event the employment of the optionee by the Company or a parent or subsidiary corporation of the Company terminates for any reason other than because of retirement, physical disability or death, the option may be exercised at any time prior to the expiration date of the option or the expiration of three months after the date of such termination of employment, whichever is the shorter period, but only if and to the extent the optionee was entitled to exercise the option at the date of such termination.

(ii) Unless otherwise provided at the time of grant, in the event the employment of the optionee by the Company or a parent or subsidiary corporation of the Company terminates as a result of the optionee's retirement, the option may be exercised by the optionee to the extent specified in this

paragraph 6(f)(ii) at any time prior to the expiration date of the option or the expiration of three months after the date of such termination of employment, whichever is the shorter period. For purposes of this paragraph 6(f), “retirement” means a termination of employment that occurs at a time when (A) the optionee’s retirement point total is at least 55, and (B) the optionee has at least five full years of service as an employee of the Company or a parent or subsidiary corporation of the Company. For purposes of this paragraph 6(f), “retirement point total” means the sum of the optionee’s age in full years plus the optionee’s full years of service as an employee of the Company or a parent or subsidiary corporation of the Company. Upon retirement, the optionee may exercise the portion of the option that the optionee was entitled to exercise immediately prior to retirement plus a percentage of the remaining unvested portion of the option based on the optionee’s retirement point total at the time of retirement as set forth in the following table:

<u>Retirement Point Total</u>	<u>Percent of Unvested Option That Becomes Exercisable</u>
55 or 56	20%
57	40%
58	60%
59	80%
60	100%

(iii) Unless otherwise provided at the time of grant, in the event the employment of the optionee by the Company or a parent or subsidiary corporation of the Company terminates because the optionee becomes disabled (within the meaning of Section 22(e)(3) of the Code), the option may be exercised by the optionee free of the limitations on the amount that may be purchased in any one year specified in the option agreement at any time prior to the expiration date of the option or the expiration of one year after the date of such termination, whichever is the shorter period.

(iv) Unless otherwise provided at the time of grant, in the event of the death of the optionee while in the employ of the Company or a parent or subsidiary corporation of the Company, the option may be exercised free of the limitations on the amount that may be purchased in any one year specified in the option agreement at any time prior to the expiration date of the option or the expiration of one year after the date of such death, whichever is the shorter period, but only by the person or persons to whom such optionee’s rights under the option shall pass by the optionee’s will or by the laws of descent and distribution of the state or country of domicile at the time of death.

(v) The Committee, at the time of grant or at any time thereafter, may extend the three-month and one-year expiration periods any length of time not later than the original expiration date of the option, and may increase the portion of an option that is exercisable, subject to such terms and conditions as the Committee may determine.

(vi) To the extent that the option of any deceased optionee or of any optionee whose employment terminates is not exercised within the applicable period, all further rights to purchase Shares pursuant to such option shall cease and terminate.

(g) Purchase of Shares. Unless the Committee determines otherwise, Shares may be acquired pursuant to an option granted under the Plan only upon receipt by the Company of notice in writing from the optionee of the optionee's intention to exercise, specifying the number of Shares as to which the optionee desires to exercise the option and the date on which the optionee desires to complete the transaction, and if required in order to comply with the Securities Act of 1933, as amended, containing a representation that it is the optionee's present intention to acquire the Shares for investment and not with a view to distribution. Unless the Committee determines otherwise, on or before the date specified for completion of the purchase of Shares pursuant to an option, the optionee must have paid the Company the full purchase price of such Shares in cash (including, with the consent of the Committee, cash that may be the proceeds of a loan from the Company) or with the consent of the Committee, in whole or in part, in Common Stock of the Company valued at fair market value. The fair market value of Common Stock of the Company provided in payment of the purchase price shall be the closing price of the Common Stock of the Company as reported in the New York Stock Exchange Composite Transactions in the Wall Street Journal or such other reported value of the Common Stock of the Company as shall be specified by the Committee, on the date the option is exercised, or if such date is not a trading day, then on the immediately preceding trading day. No Shares shall be issued until full payment therefor has been made. With the consent of the Committee, an optionee may request the Company to apply automatically the Shares to be received upon the exercise of a portion of a stock option (even though stock certificates have not yet been issued) to satisfy the purchase price for additional portions of the option. Each optionee who has exercised an option shall immediately upon notification of the amount due, if any, pay to the Company in cash amounts necessary to satisfy any applicable federal, state and local tax withholding requirements. If additional withholding is or becomes required beyond any amount deposited before delivery of the certificates, the optionee shall pay such amount to the Company on demand. If the optionee fails to pay the amount demanded, the Company may withhold that amount from other amounts payable by the Company to the optionee, including salary, subject to applicable law. With the consent of the Committee, an optionee may satisfy this obligation, in whole or in part, by having the Company withhold from the Shares to be issued upon the exercise that number of Shares that would satisfy the withholding amount due or by delivering Common Stock of the Company to the Company to satisfy the withholding amount. Upon the exercise of an option, the number of Shares reserved for issuance under the Plan shall be reduced by the number of Shares issued upon exercise of the option.

7. Stock Bonuses. The Committee may award Shares under the Plan as stock bonuses. Shares awarded as a stock bonus shall be subject to the terms, conditions, and restrictions determined by the Committee. The restrictions may include restrictions concerning transferability and forfeiture of the Shares awarded, together with such other restrictions as may be determined by the Committee. The Committee

may require the recipient to sign an agreement as a condition of the award, but may not require the recipient to pay any monetary consideration other than amounts necessary to satisfy tax withholding requirements. The agreement may contain any terms, conditions, restrictions, representations and warranties required by the Committee. The certificates representing the Shares awarded shall bear any legends required by the Committee. The Company may require any recipient of a stock bonus to pay to the Company in cash upon demand amounts necessary to satisfy any applicable federal, state or local tax withholding requirements. If the recipient fails to pay the amount demanded, the Company may withhold that amount from other amounts payable by the Company to the recipient, including salary, subject to applicable law. With the consent of the Committee, a recipient may deliver Common Stock of the Company to the Company to satisfy this withholding obligation. Upon the issuance of a stock bonus, the number of Shares reserved for issuance under the Plan shall be reduced by the number of Shares issued.

8. Restricted Stock. The Committee may issue Shares under the Plan for such consideration (including promissory notes and services) as determined by the Committee, provided that in no event shall the consideration be less than 75 percent of fair market value of the Shares at the time of issuance. Shares issued under the Plan shall be subject to the terms, conditions and restrictions determined by the Committee. The restrictions may include restrictions concerning transferability, repurchase by the Company and forfeiture of the Shares issued, together with such other restrictions as may be determined by the Committee. All Shares issued pursuant to this paragraph 8 shall be subject to a purchase agreement, which shall be executed by the Company and the prospective recipient of the Shares prior to the delivery of certificates representing such Shares to the recipient. The purchase agreement may contain any terms, conditions, restrictions, representations and warranties required by the Committee. The certificates representing the Shares shall bear any legends required by the Committee. The Company may require any purchaser of restricted stock to pay to the Company in cash upon demand amounts necessary to satisfy any applicable federal, state or local tax withholding requirements. If the purchaser fails to pay the amount demanded, the Company may withhold that amount from other amounts payable by the Company to the purchaser, including salary, subject to applicable law. With the consent of the Committee, a purchaser may deliver Common Stock of the Company to the Company to satisfy this withholding obligation. Upon the issuance of restricted stock, the number of Shares reserved for issuance under the Plan shall be reduced by the number of Shares issued.

9. Stock Appreciation Rights.

(a) Grant. Stock appreciation rights may be granted under the Plan by the Committee, subject to such rules, terms, and conditions as the Committee prescribes.

(b) Exercise.

(i) A stock appreciation right shall be exercisable only at the time or times established by the Committee. If a stock appreciation right is granted in connection with an option, the stock

appreciation right shall be exercisable only to the extent and on the same conditions that the related option could be exercised. Upon exercise of a stock appreciation right, any option or portion thereof to which the stock appreciation right relates terminates. If a stock appreciation right is granted in connection with an option, upon exercise of the option, the stock appreciation right or portion thereof to which the option relates terminates.

(ii) The Committee may withdraw any stock appreciation right granted under the Plan at any time and may impose any conditions upon the exercise of a stock appreciation right or adopt rules and regulations from time to time affecting the rights of holders of stock appreciation rights. Such rules and regulations may govern the right to exercise stock appreciation rights granted before adoption or amendment of such rules and regulations as well as stock appreciation rights granted thereafter.

(iii) Each stock appreciation right shall entitle the holder, upon exercise, to receive from the Company in exchange therefor an amount equal in value to the excess of the fair market value on the date of exercise of one share of Class B Common Stock of the Company over its fair market value on the date of grant (or, in the case of a stock appreciation right granted in connection with an option, the option price per Share under the option to which the stock appreciation right relates), multiplied by the number of Shares covered by the stock appreciation right or the option, or portion thereof, that is surrendered. Payment by the Company upon exercise of a stock appreciation right may be made in Shares valued at fair market value, in cash, or partly in Shares and partly in cash, all as determined by the Committee.

(iv) For purposes of this paragraph 9, the fair market value of the Class B Common Stock of the Company on the date a stock appreciation right is exercised shall be the closing price of the Class B Common Stock of the Company as reported in the New York Stock Exchange Composite Transactions in the Wall Street Journal, or such other reported value of the Class B Common Stock of the Company as shall be specified by the Committee, on the date the stock appreciation right is exercised, or if such date is not a trading day, then on the immediately preceding trading day.

(v) No fractional shares shall be issued upon exercise of a stock appreciation right. In lieu thereof, cash shall be paid in an amount equal to the value of the fractional share.

(vi) Each stock appreciation right granted under the Plan by its terms shall be nonassignable and nontransferable by the holder, either voluntarily or by operation of law, except by will or by the laws of descent and distribution of the state or county of the holder's domicile at the time of death, and each stock appreciation right by its terms shall be exercisable during the holder's lifetime only by the holder; provided, however, that a stock appreciation right not granted in connection with an Incentive Stock Option shall also be transferable pursuant to a qualified domestic relations order as defined under the Code or Title I of the Employee Retirement Income Security Act.

(vii) Each participant who has exercised a stock appreciation right shall, upon notification of the amount due, pay to the Company in cash amounts necessary to satisfy any applicable federal, state or local tax withholding requirements. If the participant fails to pay the amount demanded, the Company may withhold that amount from other amounts payable by the Company to the participant including salary, subject to applicable law. With the consent of the Committee a participant may satisfy this obligation, in whole or in part, by having the Company withhold from any Shares to be issued upon the exercise that number of Shares that would satisfy the withholding amount due or by delivering Common Stock of the Company to the Company to satisfy the withholding amount.

(viii) Upon the exercise of a stock appreciation right for Shares, the number of Shares reserved for issuance under the Plan shall be reduced by the number of Shares issued. Cash payments of stock appreciation rights shall not reduce the number of Shares reserved for issuance under the Plan.

10. Changes in Capital Structure. If the outstanding shares of Common Stock of the Company are hereafter increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company or of another corporation by reason of any reorganization, merger, consolidation, plan of exchange, recapitalization, reclassification, stock split-up, combination of shares or dividend payable in shares, appropriate adjustment shall be made by the Committee in the number and kind of shares available for awards under the Plan, provided that this paragraph 10 shall not apply with respect to transactions referred to in paragraph 11. In addition, the Committee shall make appropriate adjustment in the number and kind of shares as to which outstanding options and stock appreciation rights, or portions thereof then unexercised, shall be exercisable, to the end that the optionee's proportionate interest is maintained as before the occurrence of such event. The Committee may also require that any securities issued in respect of or exchanged for Shares issued hereunder that are subject to restrictions be subject to similar restrictions. Notwithstanding the foregoing, the Committee shall have no obligation to effect any adjustment that would or might result in the issuance of fractional shares, and any fractional shares resulting from any adjustment may be disregarded or provided for in any manner determined by the Committee. Any such adjustments made by the Committee shall be conclusive. In the event of a merger, consolidation or plan of exchange affecting the Company to which paragraph 11 does not apply, in lieu of providing for options and stock appreciation rights as provided above in this paragraph 10, the Committee may, in its sole discretion, provide a 30-day period prior to such event during which optionees shall have the right to exercise options and stock appreciation rights in whole or in part without any limitation on exercisability and upon the expiration of such 30-day period all unexercised options and stock appreciation rights shall immediately terminate.

11. Special Acceleration in Certain Events.

(a) Special Acceleration. Notwithstanding any other provisions of the Plan, a special acceleration ("Special Acceleration") of options and stock appreciation rights outstanding under the Plan shall occur

with the effect set forth in paragraph 11(b) at any time when the shareholders of the Company approve one of the following (“Approved Transactions”):

(i) Any consolidation, merger, plan of exchange, or transaction involving the Company (“Merger”) in which the Company is not the continuing or surviving corporation or pursuant to which the Common Stock of the Company would be converted into cash, securities or other property, other than a Merger involving the Company in which the holders of the Common Stock of the Company immediately prior to the Merger have the same proportionate ownership of common stock of the surviving corporation after the Merger; or

(ii) Any sale, lease, exchange, or other transfer (in one transaction or a series of related transactions) of all or substantially all of the assets of the Company or the adoption of any plan or proposal for the liquidation or dissolution of the Company.

(b) Effect on Outstanding Options and Stock Appreciation Rights. Except as provided below in this paragraph 11(b), upon a Special Acceleration pursuant to paragraph 11(a), all options and stock appreciation rights then outstanding under the Plan shall immediately become exercisable in full during the remainder of their terms; provided, the Committee may, in its sole discretion, provide a 30-day period prior to an Approved Transaction during which optionees shall have the right to exercise options and stock appreciation rights, in whole or in part, without any limitation on exercisability, and upon the expiration of such 30-day period all unexercised options and stock appreciation rights shall immediately terminate.

12. Corporate Mergers, Acquisitions, etc. The Committee may also grant options, stock appreciation rights, and stock bonuses and issue restricted stock under the Plan having terms, conditions and provisions that vary from those specified in this Plan, provided that any such awards are granted in substitution for, or in connection with the assumption of, existing options, stock appreciation rights, stock bonuses, and restricted stock, awarded or issued by another corporation and assumed or otherwise agreed to be provided for by the Company pursuant to or by reason of a transaction involving a corporate merger, consolidation, plan of exchange, acquisition of property or stock, separation, reorganization or liquidation to which the Company or a parent or subsidiary corporation of the Company is a party.

13. Amendment of Plan. The Board of Directors may at any time, and from time to time, modify or amend the Plan in such respects as it shall deem advisable because of changes in the law while the Plan is in effect or for any other reason. Except as provided in paragraphs 6(f), 9, 10 and 11, however, no change in an award already granted shall be made without the written consent of the holder of such award.

14. Approvals. The obligations of the Company under the Plan are subject to the approval of state and federal authorities or agencies with jurisdiction in the matter. The Company will use its best efforts to take steps required by state or federal law or applicable regulations, including rules and regulations of the Securities and Exchange Commission and any stock exchange or trading system on which the Company’s

shares may then be listed or admitted for trading, in connection with the grants under the Plan. The foregoing notwithstanding, the Company shall not be obligated to issue or deliver Class B Common Stock under the Plan if such issuance or delivery would violate applicable state or federal securities laws.

15. Employment and Service Rights. Nothing in the Plan or any award pursuant to the Plan shall (i) confer upon any employee any right to be continued in the employment of the Company or any parent or subsidiary corporation of the Company or shall interfere in any way with the right of the Company or any parent or subsidiary corporation of the Company by whom such employee is employed to terminate such employee's employment at any time, for any reason, with or without cause, or to increase or decrease such employee's compensation or benefits, or (ii) confer upon any person engaged by the Company any right to be retained or employed by the Company or to the continuation, extension, renewal, or modification of any compensation, contract, or arrangement with or by the Company.

16. Rights as a Shareholder. The recipient of any award under the Plan shall have no rights as a shareholder with respect to any Shares until the date of issue to the recipient of a stock certificate for such Shares. Except as otherwise expressly provided in the Plan, no adjustment shall be made for dividends or other rights for which the record date is prior to the date such stock certificate is issued.

- The integrity of the Company’s financial statements;
- The Company’s compliance with legal and regulatory requirements;
- The independent auditor’s qualifications and independence; and
- The performance of the Company’s internal audit function and independent auditor.

The chair of the Committee shall be designated by the Board and shall have accounting or related financial management expertise. A member of the Committee may not simultaneously serve on the audit committee of more than three public companies unless such service is approved by the Board upon its determination, based on the recommendation of the Nominating and Corporate Governance Committee, that the simultaneous service would not impair the ability of the member to effectively serve on the Company’s Audit Committee. A member of the Committee may not, other than in his or her capacity as a member of the Audit Committee, the Board, or any other Board committee, accept any consulting, advisory, or other compensatory fee from the Company, or be an affiliated person of the Company or a subsidiary thereof. Duties and Responsibilities

b. the services were not recognized by the Company at the time of the engagement to be non-audit services; and

c. the services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board to whom authority to grant such approvals has been delegated by the Committee.

4. The sole authority to delegate to one or more designated members of the Committee who are independent directors of the Board, the authority to grant advance approvals of audit and non-audit services as described in Section 3 above.

6. At least annually, to evaluate the independent auditor's qualifications, performance, and independence, which evaluation shall include the review and evaluation of the lead partner of the independent auditor and a review of the report referred to in Section 5 above. In making its

evaluation, the Committee shall take into account the opinions of management and the Company's internal auditors. The Committee shall further ensure the rotation of the lead audit partner every five years. **ANNUAL
MEETING
AND
PROXY STATEMENT**

This proxy statement is printed on recycled paper

NIKE, Inc.

Beaverton, Oregon 97005-6453

To Our Shareholders:

On page 22 of our Proxy Statement dated August 15, 2003, we included a paragraph describing an agreement between the Company and Mr. Charles Denson, President of NIKE Brand, and a paragraph describing an agreement between the Company and Mindy Grossman, Vice President. Each of these two paragraphs contains errors.

The paragraph describing Mr. Denson's agreement should have stated that, if Mr. Denson's employment is terminated by the Company, the monthly payments to Mr. Denson during the one-year noncompetition period will be in an amount equal to the sum of Mr. Denson's last salary plus 1/12th of his annual cash bonus (calculated at 100% of his targeted rate), not an amount equal to the sum of one-half of his last monthly salary. The paragraph should also have stated that, if Mr. Denson voluntarily resigns, the monthly payments to him during the one-year noncompetition period will be in an amount equal to the sum of one-half of his last monthly salary plus 1/24th of his annual cash bonus (calculated at 100% of his targeted rate), not an amount equal to one-half of his last monthly salary.

The paragraph describing Ms. Grossman's employment agreement should have stated that, pursuant to her employment agreement as renewed for a three-year term beginning September 28, 2003, Ms. Grossman's base salary will be \$800,000 per annum, subject to annual increases based on performance. The paragraph should also have stated that, during the renewal term, Ms. Grossman is to be granted an option to purchase at least 50,000 shares, rather than 30,000 shares, of Class B Stock each year. Finally, Ms. Grossman has already received the restricted stock grant referenced in the paragraph and the option grant for the 2004 fiscal year: to align the timing of her grants with the timing of the grants made to the other executive officers of the Company, Ms. Grossman was granted her restricted stock award with a value of \$750,000 based on the closing market price on July 17, 2003, rather than the market price on September 28, 2003, and her 50,000 share option on July 18, 2003, rather than September 28, 2003.

These corrections amend and supplement page 22 of the Proxy Statement. We apologize for any inconvenience that this may have caused.
